## Sex. Part 5 Notes & Assignments

Please take a look back over the Notes and Assignments from previous weeks. There were several I encouraged you to return to--specifically, "Re-Sensualizing the World."

I hope you'll continue to integrate this work over the next two weeks.

There was not a lot of new material in this recording. You may still be catching up on Baths, and Being in Your Full Sexual Potency. So, please *do* do those rituals as they consolidate and help you embody the work of Sex.
